CAPITAL FIGHT NOT SETTLED

SENATE COMMITTEE REPORT
FAVORS THE CULBERTSON
SITE.

Oklahoma City, Ok., Dec. 13.—After midnight yesterday the Senate Committee on Capital Location agreed to recommend passage of a concurrent resolution definitely fixing the capitol site on the Culbertson or Northeast tract. This was for the purpose of testing the house in the matter of location, and blocking any attempt to force the Putnam site into the legislation. The concurrent resolution not only contains a description of the land and its place in the Oklahoma City plat, but carries the agreement as well as on the bond of the holding company behind the proposition, guaranteeing that it will produce \$1,000,000 cash for a State house.

The Putnam site is quite popular among house members and, for this reason, it is stated, the senate declined to burn its bridges. In case the senate passed the bill to include the Culbertson site, and added the emergency clause to give the legislation immediate effect, the house would have declined to agree and ask for a conference committee. Such committee would be at liberty to make any alterations it chooses so long as the subject matter was not changed, and, were it so disposed, could insert another site for the Culbertson offer. When the report went to the house its adoption could be accomplished by a majority vote, under former legislative rulings, and the opponents of the Putnam proposition, it is stated, would be powerless to recall the emergency clause, the adoption of which by itself requires a two-thirds vote.

In this connection it is stated that the senate will not accept the Putnam site, and if under any circumstances the Putnam proposition be-

WHO MAY VOTE AT BOND ELECTION?

CONSTITUTION PRESCRIBES QUALIFICATION FOR VOTING AT SUCH ELECTION.

Owing to the fact that there has been some question among the citizens of Ada concerning the qualifications of those entitled to vote at the Byrd's Mill bond election, a representative of the News looked into the matter this morning and found that the matter is settled by the constitution, which says any taxpayer is entitled to vote at an election held for the purpose of voting bonds for public utilities. Some have contended that only those paying taxes on real estate may vote, but the wording of the constitution is plain. No specified amount of tax is named. Any taxpayer may have a voice in the matter. Of course no one could object to a provision of this kind, because the man who pays the taxes should certainly be the one to say whether or not the indebtedness is to be created.

DOUBLE SERVICE FOR KATY JAN. 1

The long expected official announcement of the new Katy passenger train has at last been given out. It will go into service Jan. 1 and the schedule for Ada will be as follows:

North bound 5:30 a. m. and 4:25 p. m. South 11:10 a. m. and 11 p. m. A new departure in the service will be through sleepers for Dallas and Waco.

Since statehood 915 marriage licenses have been issued, almost one for every week day during the period of a little more than three years.

Judge H. C. Thompson returned to Seminole yesterday afternoon after having spent a few days with his family.

ANOTHER VICTORY FOR ADA GIRLS

The normal basket ball team returned yesterday from Tishomingo in high glee. The game at that place was a bigger victory for the Ada girls than the one played here, the score standing 27 to 6. The normal girls have made a fine record this year, winning every game played.

WILL HEAR SEMINOLE COUNTY SEAT CONTEST

Elmer L. Fulton of Oklahoma City, defeated Democratic nominee for congressman in the second congressional district, has been appointed referee to hear the argument in the Seminole county seat fight. The appointment is made by the state supreme court. The fight has been on since statehood and it is the last of more than 50 which have been on during Governor Haskell's term.—Oklahoman.

comes a fixture in the act before the emergency clause is nailed down, the senate will not agree to vote the act into immediate operation. In the light of the main issue having been pitched upon the selection of a site, which the senate is insisting the legislature shall make in place of leaving that function to an appointed state capital commission other details of the bill are not attracting much attention. If a majority of the senators have their way, however, the state board of affairs will be named in place of a commission.

When the session opened this afternoon the agreed report was made by the committee. It also reported the house locating bill favorably, with amendments, as outlined in the news of yesterday evening, also that the senate locating bill which is a duplicate of the house measure, be not passed. The procedure saves to the legislature two days' time. The committee also recommended that the capital location be completed at this session of the legislature.

The report of the committee was adopted without opposition, following which Senator Roddie asked that consideration of the resolution be deferred for one day. The rules were suspended to take up the resolution by a vote of 37 to 2, Senator Roddie and Senator Berkey voting no. The resolution was read, and when Senator Goulding asked that it be considered by sections, the Senator from Ada renewed his motion for delay until tomorrow.

Parliamentary Tangle.

There was a small parliamentary tangle as to the effect of the vote to take up, the senator from Ada contending it to mean only a reading. He took the floor and stated that he was satisfied that if it required the committee from twelve to fifteen days to bring in a resolution without a bill, then the senators should be given at least one day to consider the contents of the document before being asked to support it.

COTTON RECEIPTS

PASS 10,000 MARK

At last the cotton receipts have gone above the 10,000 mark. This morning 9,092 bales had been received at the county weigher's yard and 2,666 round bales ginned. Counting these as half bales this would be 1,003, making the grand total for the year 10,095. Very little is being brought in now, but before the season closes it is possible that the figures will stand at 10,500. This big crop has brought between \$750,000 and \$800,000 into the country. With the exception of 1904, when over 14,000 bales were marketed at Ada, this is the best season in the history of the town.

Ada Will Lose a Good Family.

Ben Katz, who has just returned from San Antonio, Tex., where he has been prospecting for the past two weeks, informs us that he will probably move there soon, possibly about January 1. The News sincerely regrets to lose Mr. Katz and his family from Ada. For more than three years he has lived among us and during that time by his close attention to business and his uniform treatment of his customers and square dealing, he has made a most enviable reputation as a citizen and as a business man. We wish him the success that he deserves no matter where his lot may be cast.

There are three things that go to make a good cigar; good tobaccos, perfectly blebbed, skilled labor and knowing how to combine the two. We don't buy cigars because we like the man who sells them. We know how they are made, what they are made of, which accounts for the popularity of the cigars we sell.

We especially recommend a new cigar we have just got in which is unquestionably the best value for 5 cents on the market today. The filler has a fine flavor and aroma and it burns evenly and is good down to the last puff. If you are a discriminating smoker don't fail to try one.

Because there is little opposition
to the Byrd's Mill extension on the
surface the advocates of the enter-
prise should not relax their vigilance
and take chances on losing out
through over confidence. Every man
should be wide awake and keep talk-
ing and pushing for it, until the
hour the polls close. Over confidence
and under-estimating the strength
of the enemy has lost many a battle.
It is a mistake that no good gener-
al ever makes.

If there was any certainty of a
rain every week, there might be some
argument against the Byrd's Mill en-
terprise, but after the experience of
the past few months it is very ap-
parent that this source of supply is
extremely uncertain and that if Ada
is to be given a chance to grow
into the city that its natural advan-
tages indicate that it can, we must
have a supply of water that will never
run short.

Now if the Frisco will only get
busy and build a depot such as the
importance of Ada as a shipping
point demands, we shall have things
just about as we want them, so far
as the railroads are concerned.

Tax paying time is on us again
and Christmas money will be rather
scarce for some of us. The only con-
solation is that taxes are lower than
last year.

A Pioneer Gone.

Last evening at 10:30 I. M. New-
ton, one of the pioneers of Ada died
at his home on West 10th street. As
indicated in yesterday's paper, he had
been suffering for some time from
an attack of erysipelas which finally
went to his head. Mr. Newton had
been here almost from the beginning
of the town and was engaged in the
dray and transfer business during
that time. He was honorable in his
dealings and bore a most excellent
reputation in the community. He will
be badly missed by those with whom
he was associated. The funeral was
held at the family residence at 3:30
this afternoon, after which the re-
mains were interred at Rosedale
cemetery. The services were con-
ducted by Rev. Marshall Dupree.

A LIBERAL OFFER.

We Guarantee to Cure Dyspepsia. If
We Fail the Medicine Costs
Nothing.

To unquestionably prove to the
people that indigestion and dyspep-
sia can be permanently relieved and
that Rexall Dyspepsia Tablets will
bring about this result, we will fur-
nish the medicine absolutely free if
it fails to give satisfaction to any
one using it.

The remarkable success of Rexall
Dyspepsia Tablets is due to the high
degree of scientific skill used in de-
vising the formula as well as to
the care exercised in their manufac-
ture, whereby the well known prop-
erties of Bismuth-Subnitrate and
Pepsin have been combined with
Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are
constantly employed and recognized
by the entire medical profession as
invaluable in the treatment of indi-
gestion and dyspepsia.

The Pepsin used in Rexall Dys-
pepsia Tablets is prepared by a
process which develops its greatest
efficiency. Pepsin supplies to the di-
gestive apparatus one of the most
important elements of the digestive
fluid, and without it the digestion
and assimilation of food are impos-
sible.

The carminatives possess proper-
ties which aid in relieving the dis-
turbances and pain caused by un-
digested food. This perfect combi-
nation of these ingredients makes a
remedy invaluable for the complete
relief of indigestion and dyspepsia.

We are so certain of this that we
urge you to try Rexall Dyspepsia
Tablets on our own personal guaran-
tee. Three sizes, 25 cents, 50 cents
and \$1.00. Remember you can obtain
Rexall Remedies only at—The Rex-

DOES ADA WANT DEMONSTRATION TRAIN?

We are in receipt of the following
self-explanatory letter from Presi-
dent Connell of the A. & M. College
regarding the purpose of the college
to run a demonstration train through
this section on its next tour. If the
proposition is accepted the train will
be run via the Katy and will make
two stops in Pontotoc county on
January 31. The first stop will be
made at Stonewall at 10:15 a. m.
Leaving Stonewall at 11:05 it will
arrive at Ada at 11:40 and will leave
at 12:30. Do the people of the town
and county want this train? It is up
to them. Following is the letter:

Stillwater, Okla., Dec. 12, 1910.—
Dear Sir: This letter is addressed to
Editors, Bankers and County Super-
intendents in towns and counties on
the proposed itinerary of the A. &
M. College Better Seed and Live Stock
Train. You are invited to co-operate
actively in securing a large delega-
tion to meet this train. We shall
judge the interest in your commu-
nity by the promptness and tone of
your response to this communication.
The itinerary is subject to change
until January 1, 1911.

Do you want this train? Two things
will be necessary to insure it: first,
GET BUSY; second, furnish us
promptly the information indicated
by inclosed blank.

Demonstration lectures will be giv-
en on some or all of these subjects:
"Alfalfa for Oklahoma; Best Seed
Corn; Cotton a Safe Money Crop;
Types of Dairy Cattle; Types of
Beef Cattle; Draft Horses; Vaccina-
tion against Hog Cholera and Black-
leg; Farm Dairying, including use of
Cream Separators and Babcock Milk
Testers; Growing Fruits for Mar-
ket."

Eight or ten lecturers from the A.
& M. College, and the State Board of
Agriculture will accompany the
train. At night stops, popular illus-
trated lectures, with moving picture
features will be given provided the
town will furnish free of cost suit-
able hall, moving picture machine
and operator. Suitable quarters for
some ten head of stock overnight
will also be needed at these towns.

County superintendents and teach-
ers are asked to secure the attend-
ance of at least TWO DELEGATES
from all schools within 20 miles of
the railroad, and from Boys' and
Girls' Clubs convenient to or near
your town. Town schools from the
sixth grade and above might be pres-
ent in a body. Where possible special
lectures will be given them.

Big Demand for Houses.

The demand for rent houses does
not slacken in the least. Four years
ago the writer found difficulty in
getting a house when he moved to
Ada, and although there has been a
steady growth in the number of
houses since that time, the demand
has kept ahead of the supply. It
speaks well for the town that so
many new people are coming this way
but it hurts its reputation when they
must move on because of the inabil-
ity to find room here.

A Southern Man.

Why not a southern man for President on the democratic ticket? Ever since the republicans came into power an available man has been sought but Grover Cleveland was the only available man who was able to break the continuity of republican victories.

Woodrow Wilson, a Virginian, has suddenly become prominent by means of a victory in New Jersey that made him governor, and his friends are starting a boom for him for president.

Wilson is a good man, but he is no better than Texas can furnish in Charles Culberson, and he hasn't moved away from the land of his youth. Culberson would be an ideal southern candidate, and he will accept the honor if thrust upon him.

If they prefer a southerner to the manor born and desire one who has moved among the people of the North, Martin Littleton is as strong a man as the party could find in a month's search. He is a Texan. Then, too, Texas has a college president, though he has not yet entered the political arena; President Brooks, president of the Baylor university.

If necessary, as a sacrifice to patriotic duty, a newspaper man could be found brainy enough to handle the position of President some better than the present incumbent.

Back From Chattanooga.
W. H. Gilbert is back from a visit to his old home at Chattanooga, Tenn. While there he witnessed the unveiling of the monument erected by the state of New York to the memory of those who fought on Lookout Mountain in the famous "battle above the clouds." The monument is 100 feet high. It is built of blue granite surmounted by figures of a Union and a Confederate soldier clasping hands. It cost \$114,000. Mr. Gilbert says it is a most beautiful piece of work. From the point on which it stands the observer can look over into seven states.

How Is Your Typewriter?
Fred McBride, an expert typewriter repairman, is again stopping at the Chapman hotel, where he is prepared to repair, clean, align and generally overhaul all the standard makes. Doing the work here. His is not shoddy, "lick and a promise" work, but is good, thorough reliable work, as proven on former visits.

Mr. and Mrs. J. P. Lanham of Stratford passed through yesterday afternoon on their way to Coalgate.

Have you ever considered the advisability of installing electricity in your home? It is more convenient, safer and as cheap as any method of lighting that you can find. No dirt, no danger of being asphyxiated. Eliminate the danger of striking matches. It is false economy not to use electricity. Let us call and talk it over with you.

He Came Far to School.

The University of Oklahoma has a student whose history reads like a chapter from one of the novels of Maxim Gorky. He is a Russian too. His name is Ossip De Porte. Young De Porte was once a student in the University of Warsaw, but he and his father and brothers had certain peculiar notions about the rights and equality of man which kept bubbling over and bringing them to the notice of the watchful servants of the Czar. The property of the De Portes was confiscated and one morning Ossip woke to contemplate the monotonous plains about Warsaw from the window of a prison car. He escaped and went to Germany. The obliging henchmen of the Kaiser handed him over to the Czar again, and once more he found it necessary to escape. This time he went to Switzerland and enrolled in the university of Berne. Things became uncomfortable at Berne and he crossed the pond to New York. Desiring to become a real American, as he put it, he came west last year and enrolled in the University of Oklahoma. This fall he returned from New York with a bride. Mrs. De Porte is now studying at the University for a medical degree. De Porte is one of the most brilliant students at the University. He is a master of all subjects and in mathematics is almost a prodigy. He is also one of the best chess players in the west.

AWFUL PAINS FULLY DESCRIBED

A Lady of Pizarro Tells Story of Awful Suffering That Cardui Finally Relieved.

Pizarro, Va.—"I suffered for several years," writes Mrs. Dorma A. Smith, "with that awful backache and the bearing down sensations, so fully described in your book."

"I tried doctors and other medicines and found little relief, until I was induced to try Wine of Cardui, when I found instant relief and today I can heartily recommend Cardui to all suffering women and think there is no other as good."

In some instances, Cardui gives instant relief; in others, it may take a little time. But in all cases of female trouble Cardui can be depended on to be of benefit, as it is a specific remedy for women and acts in a curative way on the womanly organs.

As a general tonic for women, to build up your strength, improve your appetite, bring back rosy cheeks and make you look and feel young and happy, nothing you can find will do so much for you as Cardui.

Your druggist has it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

ORIGIN OF AIR BRAKE.

Is Described by George Westinghouse Inventor of the Apparatus.

New York, Dec. 13.—In his annual address to the American society of mechanical engineers Secretary Westinghouse, president of the society, told how he invented the air brake. He said:

"My first idea of braking apparatus to be applied to all of the cars of a train came to me one day when a train upon which I was a passenger was delayed a couple of hours by a collision. My first action was to connect the brake levers of each car to its draft gear, so that an application of the brakes to the locomotive, which would cause the cars to close up toward the engine, would thereby apply a braking force through the couplers and levers to the wheels. The crudeness of this idea became apparent upon an attempt to devise an apparatus to carry the scheme into effect."

"A while later I read in a popular magazine of the tunneling of

Mt. Cenis by machinery driven by compressed air conveyed through 3,500 feet of pipes. This convinced me that a brake apparatus could be operated by compressed air upon any length train. I immediately started drawing of apparatus and filed a caveat in 1867.

"In Pittsburg I met Ralph Baggaley, who volunteered to defray the cost of constructing the apparatus, and in 1868 a crude apparatus embodying my idea was put on a train of the old Panhandle railroad. On the very first run a horse and a wagon were standing across the track when the train thundered out of the tunnel near the union station in Pittsburg. The new brake averted an accident."

HELPFUL WORDS.

From an Ada Citizen.

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys.

There is danger in delay.

Weak kidneys fast get weaker.

Give your trouble prompt attention.

Doan's Kidney Pills act quickly.

They strengthen weak kidneys.

Read this Ada testimony.

G. S. Dismukes, 17 Thirteenth St., W., Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's Drug Store and began their use. In a few days my pains and aches had disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
